Xi'an Demeter Biotech Co., Ltd., based in Xi'an, Shaanxi, China, has specialized in the R&D, production and sales of a broad spectrum of natural products, including Organic Plant extracts, Food Additives & Natural Colorants, Organic Mushroom Extract, Organic Fruit and Vegetable Powders, and Cosmetic Ingredients. We serve pharmaceutical, nutraceutical, dietary supplement, functional food, beverage, and cosmetics industries worldwide.

Our factory covers an area of 21,300 square meters and has an annual production capacity of up to 3,000 tons. As an important technological innovation platform in the industry, Demeter Biotech has established deep research and development, industry-academia cooperation relationships with domestic research institutions such as Northwestern Polytechnical University and the Chinese Academy of Sciences, continuously promoting technological research and industrial application.

Our geographic advantage—the Qinling Mountains—ensures abundant, high-quality raw materials at competitive prices. Our factory operates under GMP standards and holds TÜV Rheinland Factory Certification, ISO 22000, HACCP, HALAL, EU Organic, NOP Organic, and FDA certificates. Complete quality control, including rigorous testing at every stage, guarantees consistent safety, efficacy, and stability from start to finish.

With independent import/export rights since 2017, we have strong partnerships with international express, air, sea, rail, and truck agents, ensuring timely, professional delivery worldwide. We offer flexible shipping options to meet diverse client needs. Our responsive service—1-hour reply, 24-hour feedback, 7×24 support—and experienced sales and after-sales teams have built a strong reputation among 50 countries, including Western Europe, Southeast Asia, Central Asia, and North America. Our loyal customers include dietary supplement, pharmaceutical, cosmetics, and beverage companies, many of whom are long-term partners.

Our philosophy: Customer-focused, employees-based, quality-oriented.

Our responsibility: Adopt environmentally friendly research and production processes, create value for clients and ourselves, and contribute to a better planet. We are dedicated to continuous improvement and environmental stewardship.

Company Introduction

Natural Organic Ingredients
for a Healthier World

XI'AN DEMETER
BIOTECH CO., LTD.

Who We Are

Xi'an Demeter Biotech Co, Ltd. is based in Xi'an, Shaanxi, China, specializing in the R&D, production and sales of natural organic products

Core Products

- Organic Plant Extracts
- Food Additives& Natural Colorants
- Organic Mushroom Extract
- Organic Fruit and Vegetable Powders

Industries Served

- Pharmaceutical
- Nutraceutical
- Dietary Supplement
- Functional Food
- Beverage
- Cosmetics

Premium Matcha Powder

Custom Grades for Food, Drinks & Supplements

EU Organic| USDA Organic| Halal| Kosher| OEM

01 Super Premium Ceremonial Grade
For tea ceremony & luxury pure tea

02 Ceremonial Grade
Matcha latte, craft premium drinks

03 Premium Beverage Grade
Milk tea, gelato, chain restaurant drinks

04 Culinary & Baking Grade
Bakery, ice cream, chocolate, snacks

05 Functional & Nutritional Grade
Health food, supplements, protein blends

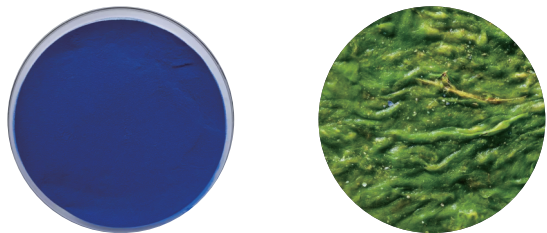

Custom OEM & Private Label Service

- Small batch packaging
- Full customization
- Flexible MOQ
- Private label printing
- Custom formula development

Spirulina Extract / Phycocyanin

Appearance: Blue
Color Value: E6-E40
Source: The spores of the wide-celled selected algae of the cyanobacteria genus Spirulina are used as raw material
Recommended application scope: Colorant, suitable for use in ice cream, popsicles, jellies, candies, fruit juice (flavored) drinks, cheese products, etc

Turmeric Extract / Curcumin Color

Appearance: Yellow
Color Value: E20-E40
Source: Using the rhizome of the ginger family plant turmeric as raw material.
Recommended application scope: It is widely used in bread, pastry, pickled vegetables, flavored milk powder, biscuit filling, and puffed instant breakfast cereals

Beetroot Powder / Betanin

Appearance: Red
Color Value: E30-E60
Source: Beet Root
Recommended application scope: It can be widely used in various food and beverage products, and also has applications in the pharmaceutical and cosmetics fields.

Anthocyanins

Blueberry Extract
Latin Name: Vaccinium corymbosum L
Active Ingredient:

Blueberry Fruit Extract	4:1	Purplish-red
Pterostilbene 20%	HPLC	Purplish-red
Anthocyanins 5%-40%	HPLC	Deep purplish-black
Anthocyanidins 25%	HPLC	Deep purplish-black
Anthocyanidins 25%	UV EP	Deep purplish-black
Anthocyanidins 25%	UV	Deep purple
Polyphenols 25%	UV	Deep purple
Proanthocyanidins 25%	UV	Deep purple

Function: Antioxidant + Vision Protection Dual Effects

Elderberry Extract
Latin name: Sambucus williamsii Hance
Active Ingredient:

Elderberry Fruit Powder	/	Purplish-red
ElderberryStem&Leaf	5:1 5:1	Brownish-yellow
Extract Elderberry Fruit	UV	Purplish-red
Extract Anthocyanidins 25%	UV EP	Deep purple
Anthocyanidins 15%	HPLC	Deep purple
Anthocyanins 5%-15%	UV	Deep purplish-red to Deep purple
Polyphenols 10%-30%	Purpli	Deep purple

Function: Antiviral, boost immunity

Cranberry Extract

Latin name: Vaccinium Macrocarpo

Active Ingredient:

Cranberry Fruit Powder	5:1	Purplish-red
Anthocyanidins 5%	UV EU	Purplish-red
Anthocyanidins 25%	UV	Purplish-red
Proanthocyanidins 5%-60%	UV	Purplish-red
Proanthocyanidins 25%-30%	DMAC	Deep purplish-red
Proanthocyanidins 5%-25%	BL-DMAC	Purplish-red to Deep purplish-red
Quinic Acid12% Total acid15%	HPLC	Purplish-red
Total acid 30%	HPLC	Purplish-red

Function: Anti-biofilm, block Helicobacter pylori

Bilberry Extract

Latin name: Vaccinium myrtillus

Active Ingredient:

Bilberry Powder	/	Purplish-red
Bilberry Extract	4:1	Purplish-red
Anthocyanidins 25% / 36%	UV/HPLC	Deep purple-black
Anthocyanins 1%-5%	UV	Deep purplish-red to Deep purple
Anthocyanins 1%-25%	HPLC	Purplish-red to Deep purple-black

Function: Anti-biofilm, block Helicobacter pylori

Mushroom Extracts

Lion's Mane Mushroom Extract

Active Ingredient:

Lion's Mane Mushroom Extract	Hericenone content: 1%–4%; Hericystin content: 1%–4%
Lion's Mane Mushroom Extract	Polysaccharide content: 10%–50%; β-glucan: 10%–30%; fully water-soluble
Lion's Mane Mushroom Extract	β-glucan: 10%–50%; partially water-soluble
Lion's Mane Mycelium Extract	Polysaccharides: 10%–50%
Lion's Mane Mushroom Powder	80–120 mesh
Lion's Mane Mushroom Powder	80–120 mesh

Application: Widely applied in brain and cognitive health supplements. It supports mental clarity, focus and memory.

Reishi Extract

Active Ingredient:

Reishi Mushroom Extract	Ganoderma triterpene content: 1%–25%; Ganoderic acid A content: 1%–3%
Reishi Mushroom Extract	Polysaccharide content: 10%–50%; β-glucan: 10%–30%; fully water-soluble
Reishi Mushroom Extract	β-glucan: 10%–50%; partially water-soluble
Reishi Mycelium Extract	Polysaccharides: 10%–50%
Reishi Mushroom Powder	80–150 mesh
Reishi Mycelium Powder	80–120 mesh
Broken-cell-wall Reishi Spore Powder	Cell-wall breaking rate: 99%

Application: Commonly used in immune support and anti-aging health products. It helps regulate immune function, relieve stress, improve sleep quality.

Cordyceps Extract

Active Ingredient:

Cordyceps militaris extract	Cordycepin content 1%–60%
Cordyceps militaris extract	Polysaccharide content 10%–50%; β-glucan 10%–30%; fully water-soluble
Cordyceps militaris extract	β-glucan 10%–50%; partially water-soluble
Cordyceps mycelium extract	Polysaccharides 10%–50%; cordycepin 0.5%–1%
Cordyceps polysaccharides (extracted from *Paecilomyces hepiali* mycelium)	Polysaccharides 30%–50%; mannitol ≥7%, adenosine ≥0.2%
Cordyceps militaris powder	80–120 mesh, cordycepin 0.1%–1%
Cordyceps mycelium powder	80–120 mesh, polysaccharides 10%, cordycepin 0.5%
Paecilomyces hepiali mycelium powder	80–120 mesh, mannitol ≥7%, adenosine ≥0.2%

Function: Enhance physical fitness, nourish lungs and kidneys, and resist tumors

Turkey Tail Mushroom Extract

Active Ingredient:

Turkey Tail Mushroom Extract	Polysaccharide content 10%–50%; β-glucan 10%–30%; fully water-soluble
Turkey Tail Mushroom Extract	β-glucan 10%–50%; partially water-soluble
Turkey Tail Mushroom Mycelium Extract	Polysaccharides 10%–50%
Turkey Tail Mushroom Polysaccharide-Peptide	Polypeptides 5%–30%
Turkey Tail Mushroom Powder	80–120 mesh
Turkey Tail Mushroom Extract Mycelial Powder	80–120 mesh

Application: Used in antioxidant and immune-supporting health products. It provides strong free radical scavenging capacity, supports body anti-oxidation.

Male Enhancer

Epimedium Extract

Active Ingredient: Icariin, Icariins, flavones

Specification: 5%-98%

Test Method: HPLC/UV

Function: Improving male reproductive system health, anti-aging and anti-fatigue.

Maca Extract

Active Ingredient: Macamide

Specification: 200-1000 mesh, 0.6%-3%

Test Method: HPLC

Function: Enhance physical strength, and improve sexual health.

Ashwagandha Extract

Active Ingredient: Withanolides

Specification: 5%-10%

Test Method: HPLC

Function: Enhance athletic performance and increase muscle mass and strength.

Shilajit Extract

Active Ingredient: Fulvic Acid

Specification: 5%-80%

Test Method: HPLC

Function: Improve cardiovascular and cerebrovascular health, which can lower blood pressure and contribute to heart health.

Weight Loss

Green Tea Extract

Active Ingredient:

Polyphenols、Catechins、Caffeine、EGCG, ECG,
EC, GCG Specification: 5%-98%

Test Method: HPLC

Function: Support Fat Metabolism

Garcinia Cambogia Extract

Active Ingredient: Fully water-soluble / Non-water-soluble
Hydroxycitric Acid (HCA) Specification: 50%, 60%,

Test Method: HPLC

Function: Reduce fat accumulation,
thereby helping to control weight

Mulberry Leaf Extract

Active Ingredient: DNJ

Specification: 1%-10%

Test Method: HPLC

Function: Dietary fiber helps improve intestinal
health and prevent constipation.

Green Coffee Bean Extract

Active Ingredient: Chlorogenic

Specification: 10%-60%

Test Method: UV

Function: Weight management; Antioxidant
properties; Blood sugar regulation

Anti-inflammation and Antioxidant

Prunella Vulgaris Extract

Part used: Leaf

Specification: 10: 1

Appearance: Brown Powder

Function: Antioxidant, anti-inflammatory,
antiviral

Boswellia Serrata Extract

Active Ingredient: Boswellic Acids

Specification: 65%-95%

Test Method: HPLC

Function: Weight management; Antioxidant
properties; Blood sugar regulation

Galla Chinensis Extract

Active Ingredient: Gallic acid、Tannic acid

Specification: 98%

Test Method: HPLC

Function: Astringent, antibacterial, and hemostatic

Garcinia Cambogia Extract

Active Ingredient: Fully water-soluble / Non-water-soluble

Hydroxycitric Acid (HCA) Specification: 50%, 60%,

Test Method: HPLC

Function: Reduce fat accumulation,
thereby helping to control weight

Immunity Boost

Ginseng Extract

Used Part: Stem and Leaf, Root

Active Ingredient: Ginsenosides

Specification: 20%-80%

Test Method: UV/HPLC

Function: Immune regulation, anti-fatigue, cognitive support

Astragalus Extract

Active Ingredient: Astragalus polysaccharide

Specification: 40%~80%

Test Method: HPLC

Function: Immune enhancement, anti-aging, and liver protection

Rhodiola Rosea Extract

Other Name: Golden root, Arctic root

Latin Name: Rhodiola rosea L., Rhodiola crenulata H. Ohba

Active Ingredient:

Rhodiola Rosea Extract:

3% Rosavins+1% Salidroside

5% Rosavins+2% Salidroside

Rosavin 2%, 3%

Rhodiola Crenulata Extract Salidroside:

3%, 5%, 10%, 12%, 98%

Test Method: HPLC

Function: Adaptogen, anti-hypoxia, anti-fatigue

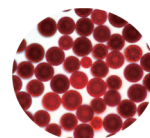

Haematococcus Pluvialis Extract (Astaxanthin)

Active Ingredient: Astaxanthin

Specification: 2%/5%/10%

Test Method: HPLC

Function: Powerful antioxidant, eye and skin care, sports recovery

Relax & Sleep

Lemon Balm Extract

Active Ingredient: Rosmarinic Acid

Specification: 2-8%

Test Method: HPLC

Function: Anti-anxiety, sleep aid, and inhibition of GABA transaminase

Valerian Root Extract

Active Ingredient: Valerenic Acid

Specification: 0.8%

Test Method: HPLC

Function: Sedation and hypnosis, modulation of GABA-A receptors, muscle relaxation

Griffonia Seed Extract (5-HTP)

Active Ingredient: 5-Hydroxytryptophan (5-HTP)

Specification: 20%~98%

Test Method: HPLC

Function: Aid sleep and regulate emotions

Jujube Seed Extract

Active Ingredient: Zizyphus jujuba saponin

Specification: 2%-10%

Test Method: UV/HPLC

Function: Sedative and hypnotic, nourishing the heart and calming the mind, anti-anxiety

Cardio Cerebrovascular Health

Ginkgo Biloba Extract

Standard: CP/USP/EP/Fully water solubility

Active Ingredient: Flavonoids $\geq$ 24%,

Ginkgolide $\geq$ 6%, ginkgolic acid $\leq$ 10ppm Test

Method: HPLC

Function: Improve cerebral circulation and enhance cognition

Milk Thistle Extract (Silymarin)

Active Ingredient: Silymarin DAB10, 80%

Silymarin-30% Silybin; Silybin 90%, 95%;

Water-soluble Silymarin

Test Method: UV/HPLC

Function: Protect the liver, promote liver regeneration, and resist fibrosis

Japanese Knotweed Extract (Resveratrol)

Active Ingredient: Resveratrol

Specification: 5-99% powder, granules

Test Method: HPLC

Function: Anti-aging, cardiovascular protection

Nattokinase

Appearance: Pale yellow powder

Specification: 2000FU/g -20000FU/g

Test Method: HPLC

Function: Sedative and hypnotic, nourishing the heart and calming the mind, anti-anxiety

Liver Protection & Hangover Relief

Vine Tea Extract (Dihydromyricetin DHM)

Active Ingredient: Dihydromyricetin

Specification: DHM $\geq$ 10%/50%/98%

Test Method: HPLC

Function: Sobering up, activating ALDH/ADH, regulating GABA-A

Kudzu Root Extract

Active Ingredient: Puerarin

Specification: 10%/40%/80%/98%

Test Method: HPLC

Function: Promote alcohol metabolism, vasodilatation, and phytoestrogen

Hovenia Dulcis Extract

Part used: Fruit

Specification: dihydromyricetin 1%-2% water-soluble, flavonoids 1%-2%

Appearance: Brown Powder

Function: Potential for sobering up, activating ALDH, protecting the liver, and lowering blood sugar

Prickly Pear Extract

Part used: Fruit

Specification: SOD 10,000-40,000U/g

Test Method: UV

Appearance: Off-white to yellow fine powder

Function: Alleviate hangover symptoms, reduce inflammation, and regulate blood lipids and blood glucose levels

Centella Asiatica Extract (Gotu Kola)

Active Ingredient: Asiaticoside 10%-90%;
Total triterpenes (As Asiaticoside & Madecassoside) 10%-90%;
Madecassoside 10% -90%;
Asiaticoside 36-44% and **Free Genins** 54%-66% (Madecassic & Asiatic acid);
Asiatic acid 90%
Test Method: HPLC
Function: Promote collagen synthesis, repair scars, resist wrinkles and inflammation

Pomegranate Extract

Used Part: Fruit peel, fruit
Active Ingredient: Polyphenol 20%-60%, Ellagic acid 20%-40%
Test Method: HPLC
Function: Powerful antioxidant, protects collagen, and regulates intestinal flora

Licorice Root Extract (Glabridin)

Specification: Dipotassium Glycyrrhetate 98-102%;
Monoammonium Glycyrrhizinate 98-102%;
Disodium Glycyrrhetate ≥65%
Trisodium Glycyrrhetate ≥65%
Tripotassium Glycyrrhizinate ≥13%
Glycyrrhizine R-19 ≥13%
Glycyrrhizine R-21 ≥13%
Licorice Extract ≥7%
Powdered Liguorice Extract ≥7%
Glycyrrhiza Glabra powder 20-25%
Glabridin 5-98%
Test Method: UV/HPLC
Function: Inhibiting tyrosinase (whitening), anti-glycation, anti-inflammatory

Aloe Vera Extract

Active Ingredient:
200:1 Aloe Vera Gel Freeze-Dried Powder
200:1 Aloe Vera Gel Spray-Dried Powder
100:1 Aloe Vera Gel Freeze-Dried/Spray-Dried Powder
100:1 Aloe Vera Whole Leaf Freeze-Dried Powder
100:1 Aloe Vera Whole Leaf Decolorized Freeze-Dried Powder
Aloe-emodin 98%
Aloin 20-98%
Function: Moisturizing and repairing, wound healing, barrier repair

Liposomal Ingredients

Liposomal Vitamin C

Advantage: The product exhibits uniform granularity and color, Rapid dispersion in water, good mixing and dissolving property

Specification: 50%-70%

Function: Immune support, collagen synthesis, antioxidant, bioavailability enhancement

Liposomal Glutathione

Advantage: The product exhibits uniform granularity and color, Rapid dispersion in water, good mixing and dissolving property

Specification: 50%-90%

Function: Master antioxidant, liver detox, skin brightening, redox balance

Liposomal Vitamin D3

Advantage: The product exhibits uniform granularity and color, Rapid dispersion in water, good mixing and dissolving property

Specification: 50%

Function: Bone metabolism, Ca absorption, immune regulation, mood & muscle

Liposomal Co Q10

Advantage: Exceptional Bioavailability, High Active Loading

Specification: 50%-90%

Function: Liposomal encapsulation facilitates direct absorption through the lymphatic system, bypassing first-pass metabolism.

Fruit Powder, Vegetable Powder, Instant Tea Powder

Natural Fruit Powders

Using natural high-quality fruits, with zero added essence, colorants, and preservatives, it is rich in vitamins, minerals, and unique taste and flavor, and is widely used in solid beverages, tablet candies, effervescent tablets, and other food and beverage products

Strawberry Powder

Applied in drinks and snacks for flavoring and antioxidant nutrition supply.

Banana Powder

Used in functional meals and beverages for balanced daily nutrition intake.

Acai Berry Powder

Ideal for health foods to provide strong antioxidant and anti-aging effects.

Berry Mix Powder

Our Berry Mix Powder is a vibrant, nutrient-dense blend of freeze-dried strawberry, blueberry, raspberry, and acai — carefully processed to lock in natural color, flavor, and bioactives. Rich in anthocyanins, vitamin C, and polyphenols, it delivers powerful antioxidant support in a versatile, water-soluble format.

Ideal for beverages, yogurts, baked goods, and nutraceutical formulations, our powder offers clean-label appeal with no additives or artificial colors. Available in conventional and organic certified options, with particle size and blend ratios customizable to your specification.

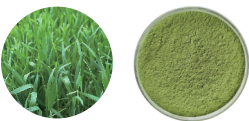

Natural Vegetable Powders

Style	Tagline
Pure & clean	Nature, powdered. Nothing else.
Wellness	The color your body craves. Straight from the earth.
Ingredient-focused	One ingredient. The whole vegetable. In a scoop.
Benefit-led	Real vegetables. Zero compromise. Maximum nutrition.
Premium	From field to powder — the whole food, preserved.

Barley grass powder

Applied in functional foods and beverages for daily body nutrition supplementation.

Tomato powder

Used in functional diets and skincare products for natural antioxidant support.

Wheatgrass Powder

Added to health drinks and meals to supplement multiple trace nutrients.

Green Powder

Super Green Powder is a concentrated blend of premium plant extracts — including spirulina, wheatgrass, moringa, and matcha — designed to deliver comprehensive daily nourishment in a single scoop.

Packed with chlorophyll, essential amino acids, B vitamins, and iron, it supports energy, immunity, and gut health naturally.

Our Super Green formula is cold-processed to preserve heat-sensitive enzymes and phytonutrients. Suitable for dietary supplements, functional drinks, and health food brands. Custom blending, private labeling, and bulk supply are all supported with full traceability documentation.

Instant Tea Powder

- Instant Green Tea Powder**
Spray-dried Chinese green tea with delicate grassy notes and natural catechins. Fully soluble hot or cold, zero bitterness.
- Instant Black Tea Powder**
Fine-sprayed fermented black tea with bold malty depth and amber-red infusion. Soluble, clean-label, milk tea ready.
- Instant Oolong Tea Powder**
Semi-fermented Chinese oolong with orchid aroma and creamy mouthfeel. Instantly soluble, premium RTD and latte ready.
- Instant Pu'er Tea Powder**
Post-fermented Yunnan Pu'er with deep earthy character and mellow sweetness. Velvety dark infusion, raw and ripe available.
